International partnership: Fast Lane will distribute Cegos' elearning catalogue worldwide

Cegos, a worldwide leader in learning & development, and Fast Lane, a global specialist in technology and business training as well as consulting services for digital transformation, sign a distribution agreement.

Through this new partnership, Fast Lane's customers will now have access to Cegos eLearning Catalogue on Soft Skills. This premium content will be available for Fast Lane's customers.

As a global training partner of more than 30 leading IT vendors, Fast Lane offers qualification solutions and services that can be scaled as needed.

With its international culture and French origins, the Cegos Group is both a keen observer and a dedicated player in the world of work and business. The Cegos Group deploys a global offering, including turnkey and tailored training and development, operational consultancy, Digital Learning, Managed Training Services, international training projects, and certificate or diploma courses.

Running its own operations in 11 European, Asian and Latin American countries, Cegos is also active in over 50 countries through its network of partners and distributors, which are all leading e-learning solutions providers. Thanks to this network, its catalogue on Soft Skills has 2.5 million learners per year.

Torsten Poels, CEO and Chairman of the Board, Fast Lane, explains:

"Fast Lane has many years of experience in the field of digital learning with its own learning platform Fast Lane Live. Through the new partnership with Cegos, we are pleased to be able to offer further digital learning opportunities in addition to our Management, Business and Soft Skills Instructor-led training portfolio."

Pascal Debordes, Head of Channels and Alliances at Cegos Group adds:

"We are proud of this new partnership with FastLane. This multi-award-winning group has proven and reliable IT know-how and partners with the most prominent IT players. By combining the premium content of our Soft Skills catalogue with Fast Lane's sharp expertise, this partnership will be the optimal response to the ongoing skills revolution."
